

**7<sup>th</sup> Slovenian Pneumology Congress joined with Allergology and Immunology  
congress**

**First Announcement**

**SLOVENIAN RESPIRATORY SOCIETY**

**MAY 6-9 2020**

Portorož, Grand Hotel Bernardin

Dear colleagues

June 3<sup>rd</sup>, 2019

Slovenian Respiratory Society together with Slovenian Association of Allergy and Clinical Immunology, Immunology Society of Slovenia, Professional group of nurses and health technicians in pulmonology and in association with University Clinic Golnik, University Clinical Centre Ljubljana and University Clinical Centre Maribor organizes 7<sup>th</sup> Slovenian Pneumology Congress joined with Allergology and Immunology congress. We would like to bring together Slovenian health care professionals with colleagues particularly from the West Balkan countries and the Alps Adria region. The congress will be the possibility to present your own data and experiences with short oral presentations and posters. The congress language will be English. Our aim is to organize the event with only 100 E congress fee however with no fee for active participants. There will be a plenty of topics, so everybody has an opportunity to present the analysis his or her clinical work or results of scientific activities. The call for abstract will be opened in October 2019.

Kind regards

Mitja Košnik

President of the Slovenian Respiratory Society
